- 2.3.3 to ensure that if a member of the school community sees another person being harassed or bullied they report it to staff;

4. Implementation

- 4.1 Our school promotes curriculum programs to strengthen bullying prevention and reduce Bullying incidents through the consistent implementation of the Positive Behaviour Model and restorative practice.
- 4.2 Student programs are organised to raise student awareness about Bullying and Harassment, to provide a forum for discussion of matters and to aid development of positive attitudes. Some matters will be dealt with formally in the curriculum and in peer support programs, leadership programs, extra-curricular programs and occasional activities run by outside experts and professionals. The curriculum will include anti-bullying messages and strategies in line with our school values, PYP – IB learner profiles and attitudes and current DET materials e.g. Building Respectful Relationships.
- 4.3 The school leadership team and the teachers will work together to ensure the safety of all school members in situations of Bullying and/or Harassment, by thoroughly investigating all complaints while respecting the need for confidentiality, notifying parents/carers and planning interventions.

- 4.4 Constructive strategies to deal with Bullying and Harassment include: education in coping strategies; assertiveness training; problem solving and social skills; counselling and behaviour support plans. These strategies are employed in preference to punitive sanctions and negative consequences.
- 4.5 Buddy systems and support programs are set up at the start of the year between different grade levels to link groups and individual students. This provides a positive support network for students in the school community, including the playground at recess and lunch.
- 4.6 If a teacher believes a student is at serious and imminent risk from Bullying and Harassment, then it is their professional duty to pass on the information to Principal class to ensure appropriate support for the student. It is important that teachers document their interaction with the student/s and verify the actions taken on Sentral.
- 4.7 There are disciplinary consequences, covering a range of strategies, for those in breach of the Policy. Such consequences will comply with the Student Engagement, Wellbeing and Inclusion Policy and will be in accordance with DET guidelines.
