100 Days of Prep!

The Prep Students celebrated 100 Days of Prep on the 4th of August. Students dressed up in a '100' themed outfit or as a 100 year old person. Throughout the day, students participated in a range of '100' themed activities, and ended the day with a parade, to showcase their outfits, and celebrate this monumental achievement.

13 Snowsports Camp

New Sports Shed

As part of our continued efforts to provide exceptional facilities for our students to grow and learn, we have finished the construction on our new sports shed.

In the future this will allow us to provide students with equipment to use during lunch time and allow the House Captains to take ownership and manage the use of this equipment. This will increase our students opportunities for leading an active lifestyle.

Pyjama Day Fun at CPS!

On Friday 30th July, 2021, Coatesville Primary School was suddenly full of colours, comfy clothes and Oodies! Our PJ day was a huge success with plenty of smiling faces and laughs. The energy in the school seemed to lift for the entire day, and the weather put on a great day for it too! Thank you to everyone that participated and came in their PJ finery. Keep your eyes peeled for our next "Bring Back the Fun" day.

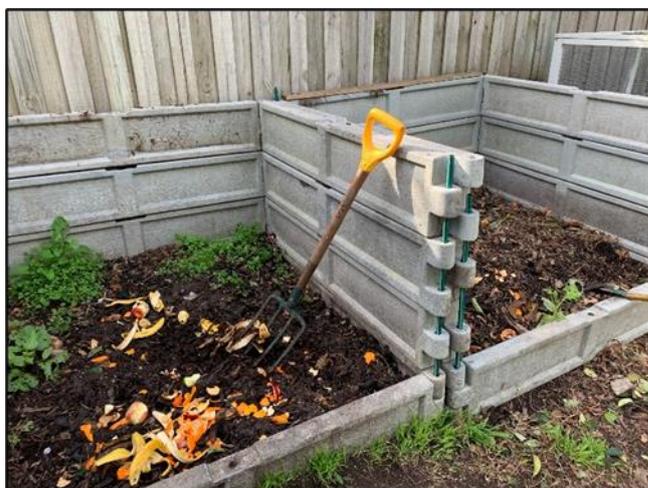

Coatesville Garden News - August 2021

We are only one month away from the end of winter and the Coatesville Garden is already waking up! Spring bulbs have started to flower and sunnier days are starting to warm up the soil.

Students have learned a lot this winter about composting and planting winter edibles. Some crops have flourished and some haven't – but that's all part of the learning process!

We will soon begin propagating spring and summer edibles in the greenhouse, ready to plant out into the garden beds when the weather becomes warmer and the days a little longer.

If you have any suggestions for our garden, or would like to contribute any seedlings or cuttings, please feel free to contact Georgina Bernecich via email:
