## Exhibition Presentation and Celebration 2020

Throughout Remote Learning the Grade 6's have been working tirelessly to inquire into their change makers for Exhibition. Due to current restrictions this year's presentation and celebration will look vastly different to years past. In the spirit of flexibility and adaptability the 2020 Exhibition will be presented to the school community via a Google Site.

Next Tuesday, 23rd June the Grade 6 students will have an opportunity to share their work with family and friends prior to the site going live to the wider community via a link in next week's Communicator. We look forward to sharing our inquiries with you.

## Changes to Semester One Reports

Dear Parents/Carers,

Due to the impact of COVID-19 on Semester One teaching and learning, families will be receiving an adjusted Semester One report. Reports have been adjusted to fit with the altered requirements from the Department of Education and Training (DET). We are hoping that reports will revert back to their normal format in Semester Two.

- Progression Points will not be visible in Semester One reports. These will be visible in Semester Two reports only.
- English and Maths will have summaries of the content covered in Semester One.
- No Effort marks will be provided for Specialist learning areas (Visual Art, Music, French and Health & Physical Education).

### ONGOING CHANGES TO REPORTS

We are also implementing some changes to the reports not related to COVID-19 but to fit in with changes to terminology from the International Baccalaureate Organisation.

- Transdisciplinary Skills have been renamed to Approaches to Learning to match with IB-PYP.
- School Values and Approaches to Learning will now be assessed using the same 5 point scale.
