Term 4 Issue 3

## Science Talent Search Success

This year, 13 students from Coatesville Primary School took up the challenge of participating in the 2020 Science Talent Search. These students showed resilience and perseverance completing their projects, including posters, games, picture story books, inventions and working models, under some extraordinary circumstances. They worked remotely with Miss Macfarlane and Miss Binding to complete some truly amazing entries that were put up against entries from thousands of other students across Victoria. We have just received the results and would like to share them with our community (see next page).

2020

OCT

No students at school  
No vacation care

NOV

3 Public Holiday  
No students at school  
No vacation care

We would like to congratulate all of our participants for their hard work and dedication! Students will receive their certificates and feedback in the coming weeks. A special congratulations to Elizabeth Lazarow and Theo Dalton (Gr. 5) who achieved a *Bursary*, and Griffin Smail (Gr.5) and Amelie Biencourt (Gr.6) who achieved a *Major Bursary* (Amelie for the third time!). These students will receive their certificate and a medallion during a virtual award ceremony on Monday 16<sup>th</sup> November. Congratulations again to all of our fabulous participants! We look forward to working with students again in 2021.

Miss Macfarlane and Miss Binding.

# Results - Science Talent Search

## Merit

Mai P and Alexandra I – *Survive The Whirlpool* (Game)

## Distinction

Abigail G – *Conserving Ocean Life* (Poster)

Lily S and Poppy S – *My Ocean Adventure* (Creative Writing)

## Bursary

Elizabeth Lazarow and Theo Dalton - *Periodic Table: Run For The Elements*  
(Computer program)

## Major Bursary

Amelie B – *Innovations For Deep Sea Mining and Solar Farms* (Invention)

Griffin S – *Converting Wave Energy Into Electrical Energy* (Working Model)

# Dark Ford - Territory

If any member of our school community drives a 'Black Ford - Territory' car and recently noticed damage to the right side of the car, please contact the office.

# We're getting involved!

On *Wednesday 4 November* our school will be celebrating Positive Education Day!

The day invites students and teachers to *Colour Their Threads for PosEd* and wear colourful clothes to make Positive Education visible in our schools.

This year's theme is *From Strength to Strength in Tough Times*, and we'll be focussing on character strengths - our own, and the strengths of those around us, which have helped us get through a difficult year and support one another.

Although bushfires and the Coronavirus pandemic have thrown some enormous challenges at us this year, through tough times we learn, develop resilience, and grow.

We're excited that this day will *raise awareness & understanding of Positive Education* and encourage students, teachers, families and the community to learn and talk about how to grow their own wellbeing, and support the wellbeing of those around them.

Positive Education Day will be *celebrated annually* on 4 November.

*Thanks for your support!*

The day is being run by  
**PESA — the Positive Education Schools Association**
