The Communicator

Pyjama
Day

We are on a mission to bring back FUN!

To celebrate our return to school, being with our friends and to have some plain ol' fun we are going to have a whole school Pyjama Day! On Friday 30th July we ask that you bring a bit of comfort to school by wearing your favourite PJs! Whether they are the cutest blue PJs with unicorns, coloured Red and Black for the Bombers, or the comfy tracksuit and jumper you wear to bed, wear them with pride on Friday!

It is going to be cold and wintery so rug up in your favourite PJs, and ensure you have a jacket and hat to keep you warm... maybe even an Oodie!

Students must wear their school shoes/runners on the day to ensure they can still participate in outside play at recess and at lunch.

We look forward to seeing your best PJs and dressing gowns on the day and to having some fun back at school!

SCIENCE TALENT SEARCH 2021

FOOD: DIFFERENT BY DESIGN

Congratulations to the students competing in the Victorian Science Talent Search. This year the theme is **Food: Different by Design**. This theme honours the United Nations International Year of Fruits and Vegetables and the International Year of Creative Economy For Sustainable Development.

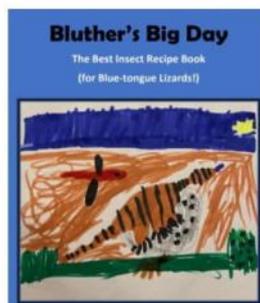

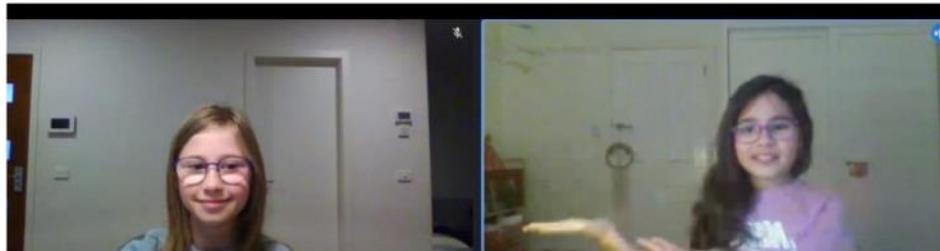

Food: Different by Design covers a broad range of areas in food production and sustainable agriculture, enabling students to explore topics such as biosecurity, food technology and laboratory-developed foods, just to name a few.

The following students have worked hard over the last few terms, through multiple stints of Remote Learning, to complete a major project for the Science Talent Search. Due to the current COVID-19 situation, students have had to overcome the hurdles of the latest lockdown to record videos to present their project to judges remotely. We are incredibly proud of all of these students and their commitment to complete such a huge task! Thank must go to the families who have also supported students to complete their projects.

GRADE 2 FRIDAY FUNDAY

FUNNY HAIRDOS!

2
M
M

Grade 2 students and teachers celebrated the end of the Remote Learning week with a *Friday Funday*. Last week we got creative with home styling and the result was some crazy and wacky hairdos! What a fantastic way to let our hair down (pardon the pun) on a Friday and have a laugh together.

Guest Reader for Prep Students

The prep students are currently exploring how stories help us express ourselves and the personal connections we have to stories.

On Thursday the prep students had a surprise visitor at our midday Google Meet.

Mr Jones surprised the preps by reading his favourite picture book 'Magic Beach' by Alison Lester.

Baby News

Congratulations to staff members Maddy Prosser and Cam Azer who had their second child on the 6th July 2021. Both Mum and bub are doing well.

Pippa Azer was born weighing 4.115kg and she is adjusting to the world very well. We wish Maddy, Cam and big sister Minnie all the best with their new arrival.

Art Room - Supplies

The Art department are requesting clean and empty water and soft drink bottles for both Art rooms. We would love 600ml and 1.25l bottles for a senior art project. There will be a plastic tub outside the Art Room 1 to place the empty bottles.

Thank you from Mrs. Hughes and Mrs. Webb.
