## Vision

Our school's purpose statement is:

'To nurture the educational journey of all within the school community, so that we "aspire higher," through an engaging and relevant, inquiry-based curriculum, that empowers us to be internationally minded, life-long learners.'

To this end, we support students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy and educated young adults.

## IB mission

As an IB-PYP school we underpin our teaching using the PYP framework. Our school's vision is also underpinned by the IB mission statement:

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.'
